Name: DOB: Date:

Recommended Pre & Post Care for Laser Genesis Treatments

For best results please follow these instructions

Before your treatment:

- Do not wear makeup on the treated area the day of treatment
- Hair should be cleanly shaven two days prior to treatment
- No sun-tanning or self-tanners 4 weeks prior to treatment including spray tans, tanning lotions, tanning beds, sun exposure, etc.
- Avoid treatments that may irritate the skin for 1-2 weeks prior to treatment (waxing, plucking, tweezing, depilatories, chemical peels, scrubs, etc.)
- You must be off retinols three to five days prior to your treatment
- Some medications or supplements may increase the risk bruising. Consult with your physician
- Notify us with any changes to your health history or medications since your last appointment
- History of herpes or cold sores may require an anti-viral prescription prior to treatment

After your treatment:

- Avoid sun exposure for 72 hours post treatment and use a broad spectrum (UVA/UVB 30+) sunscreen.
- Bruising, redness and swelling may occur and will resolve with time
- Avoid heat – hot tubs, saunas, etc. for 2 days post-treatment
- Avoid skin irritants (examples below) for five days post-treatment
    - Products containing tretinoin, retinol, benzoyl peroxide, glycolic/salicylic acids, astringents, etc.
- Notify us of any concerns (blistering, excessive redness/swelling, etc.)
